

Handout 3 Sir Arpaad's Note

Your Ladyship,

I, Sir Einrik Arpaad, Commander of Silverpine Watch, do hereby relinquish these items to you which were seized from a woman who was justly executed by my order on this sixth day of Autumnsebb. The woman refused to give her name, demanded passage through the gate for herself and her two mules, refused to pay the asked-for toll-tax, and assaulted by magic one of my soldiers when he attempted to bar her way.

The soldier was seen to by our chaplain and will be able to resume his duties shortly.

Yours in Loyal Service,

Einrik Arpaad
